JFK Lancer Production. Paperback. Book Condition: New. Paperback. 369 pages. Dimensions: 8.8in. x 6.0in. x 1.1in. Several years ago, William Matson Law set out on a personal quest to reach an understanding of the circumstances underpinning the assassination of John F. Kennedy. His investigation began with a key component of the events of November 22, 1963, and the days that followed: the autopsy on the presidents body at the National Naval Medical Center, Bethesda, Maryland. He contacted those who were involved at Bethesda in various aspects of the aftermath of the assassination; In the Eye of History: Disclosures in the JFK Assassination Medical Evidence comprises conversations with eight individuals who agreed to talk: Dennis David Paul OConnor James Jenkins Jerrol Custer Sandra Spencer Ex-FBI Special Agents James Sibert and Frances O'Neill For the first time, these eyewitnesses relate their stories comprehensively in their own words. Law allows them to tell it as they remember it without attempting to fit any pro- or anti-conspiracy agenda. The reader is the judge of these eyewitness accounts and their implications. Dennis David describes observing the arrival at Bethesda Naval Hospital of the navy ambulance carrying Jackie Kennedy with the official casket purportedly carrying the presidents body -- some time after he had supervised the unloading of a shipping casket that had been told contained the body of the president. Autopsy technician Paul OConnor helped remove the presidents body -- he recalls that it was in a body bag -- from a shipping casket; this contrasts with the placement of the presidents body in an ornate casket in Dallas, after wrapping only in sheets and towels. OConnors associate, James Jenkins, emerged from the autopsy convinced that the president had been shot from two directions. X-ray technician Jerrol Custer recalls seeing Mrs. Kennedy enter the Naval Hospital,...
