

## Canticle Of The Birds

By Katherine D. Rill

Xlibris Corporation. Hardcover. Book Condition: New. Hardcover. 108 pages. Dimensions: 8.5in. x 5.5in. x 0.4in. From a life-long interest in nature, the author shares her love of nature and her understanding of the intricacies of the natural world through her observations of the plants and animals in three familiar settings. A formal training in Biology has given her a rare insight into the important vital processes that influence the actions and interactions of birds, mammals, insects, and plants as the seasons change. She tries in her own mind to come to grips with the predator- prey relationship and to explain to the reader the importance of this vital process that makes life on earth possible. Part one is especially rich in bird lore as she observes the birds at her feeder while watching her young children grow in their understanding and knowledge of the natural world surrounding their home in a small town in east central Wisconsin. The middle section takes place in the north woods where she spends time trying to blend into the wildness of the national forest setting at a rustic hunting cabin and observe birds and other wild animals without intruding on their lives. The last part...

### Reviews

*It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication by which in fact changed me, changed the way I think.*
