Springer. Paperback. Book Condition: New. Paperback. 388 pages. Dimensions: 9.2in. x 6.1in. x 0.9in. Operations Research (OR) emerged in an effort to improve the effectiveness of newly inducted weapons and equipment during World War II. While rapid growth of OR led to its becoming an important aid to decision making in all sectors including defense, its contribution in defense remained largely confined to classified reports. Very few books dealing with applications of quantitative decision making techniques in military have been published presumably...
