Brand New Book ***** Print on Demand *****.This is a quick help book for kids and tweens. It discusses about bullying, bullies and what to do when you are being bullied online. Are you a cyberbully? Or are you their victim? If you are either one, then you should read this book. Cyberbullying is a form of emotional bullying and harassment. It will affect the bullied kids even after the harassment ends. Cyberbullying uses technology, like for instance, cell phones, computers, Internet, blogs, emails, instant messages, text messages, and social network websites. A cyberbully can be anonymous, but more likely, if you are cyberbullied, it is someone you know, someone who is close to you and knows intimate and personal details about you. This book tells a fictional story about cyberbullying. A group of mean girls decides to cyberbully a new girl at school. What do you do when your school friends, the rule setters, decide you're not cool? When and how do you get your parents involved without making things worse? Questions and tips how to prevent cyberbullying are included in this timely book.
